

HHB 25 E

Handheld 25cc Blower

Soft grip

Elastomer hand grip for increased comfort during use.

GX25 mini 4-stroke engine

The world's first 4-stroke blower, this compact, super-quiet and efficient unit generates a powerful blast of air.

Unique 360° lubrication system

Allows the blower to be used and stored through a full 360° incline, without risk of damage.

Cruise control

Switch to maintain the engine speed without holding the trigger, for ease of use over long periods of time.

Easy start

The mini 4-stroke engine has a low recoil force for easy starting, smooth operation and reliability.

Easy to handle

Lightweight and well balanced at just 4.7kg for comfortable long term use.

Flat nozzle

Shaped nozzle to give an accurate and powerful stream of air at up to 70m/sec. allowing you to move leaves with ease.

When fallen leaves spread across the lawn, decking or garden paths, a Honda Blower helps get things in order in record time. A powerful jet of air effortlessly propels garden waste into large piles, where it can be easily picked up and consigned to the compost heap. Clearing up is a breeze with a cruise control switch, elastomer hand grip and clean, quiet performance from the easy starting GX25 4-stroke engine.

Domestic Use

Professional Use

*subject to an annual service
