

UMK 425 UE

25cc Brushcutter

Adjustable bike type handle

The easy-release, adjustable handle gives the user greater balance, control and comfort. A D-loop model is also available.

Intuitive control

Ergonomically designed controls for ease of use, with soft skin to reduce vibration.

Nylon spool and 3-tooth blade

Ideal for clearing thicker and more demanding undergrowth. A range of optional blades are also available to suit a variety of tasks.

Unique 360° lubrication system

Allows the brushcutter to be used and stored through a full 360° incline.

25cc OHC 4-stroke engine

Powerful, clean and efficient - one of the world's lightest 4-stroke engines at 2.78kg.

Easy start

Easy starting 4-stroke engine with low recoil effort, gives outstanding smooth operation and reliability.

Safe and comfortable

Supplied with a double harness and safety goggles for comfortable use over extended periods.

The UMK 425 UE features the easy starting, quiet and ultra-efficient GX25 4-stroke engine, with a robust yet lightweight design to tackle undergrowth and rough grass where a lawnmower can't. The unique lubrication system also allows the brushcutter to be used and stored through a full 360° incline without damage, for real go-anywhere performance.

Domestic Use

Professional Use
