

UMK 435 UE

35cc Brushcutter

Nylon spool and 3-tooth blade

Ideal for clearing thicker and more demanding undergrowth. A range of optional blades are also available to suit a variety of tasks.

Intuitive control

Ergonomically designed controls for ease of use, with soft skin to reduce vibration.

35cc OHC 4-stroke engine

Powerful, clean and efficient 4-stroke, with no need to mix fuel and oil.

Adjustable bike type handle

The easy-release, adjustable handle gives the user greater balance, control and comfort. A D-loop model is also available.

Safe and comfortable

Supplied with a double harness and safety goggles for comfortable use over extended periods.

Unique 360° lubrication system

Allows the brushcutter to be used and stored through a full 360° incline.

Easy start

Easy starting 4-stroke engine with low recoil effort, gives outstanding smooth operation and reliability.

The smooth power and quick response of the mini 4-stroke engine means that even heavy duty jobs can be tackled with precision. Using your brushcutter is easier and more comfortable than ever thanks to improved ergonomics and lower emissions. For thicker and more demanding undergrowth, the powerful 35cc UMK 435 offers unrivalled smooth and quiet 'go-anywhere' performance.
